PALMESTER™ EMOLLIENTS

Weightless Beauty, Sustainable Luxury

Emollients that elevate formulations. Naturally.

- Lightweight skin feel
- Excellent spreadability
- Enhances solubility of crystalline UV filters
- Wide range of emollient options

PALM DERIVED GRADES AVAILABLE IN STANDARD (STD) & MASS BALANCE (MB) OPTIONS

KEY EMOLLIENTS

Core emollients for everyday formulations.

Product (STD/MB)	INCI Name	Key Differentiation / Best For
PALMESTER 3595	Caprylic/Capric Triglyceride (MCT)	Lightweight, non-greasy feel; excellent spreadability
PALMESTER 1512	Isopropyl Myristate (IPM)	Light, fast-spreading; non-greasy feel
PALMESTER 1517	Isopropyl Palmitate (IPP)	Excellent spreadability; silky skin feel
PALMESTER 1700	Decyl Oleate	Rich emolliency; good skin feel; colour & suncare compatible
PLANTERA 9200	Pentaerythrityl Tetraisostearate (PTIS)	Rich, high-viscosity emollient; long-lasting feel; ideal for lip care & richer formulations
PALMESTER 1300	Myristyl Myristate (MM)	Rich, powdery feel; adds structure

SPECIALTY ESTERS

Tailored emollients for unique sensory experiences.

Product (STD/MB)	INCI Name	Key Differentiation / Best For
PALMESTER 1543	Ethylhexyl Palmitate	Silky after-feel; good spreadability
PALMESTER 1545	Ethylhexyl Stearate	Caring, rich sensory; natural active fraction
PALMESTER 1547	Ethylhexyl Cocoate	Light skin feel; fast absorption

SOLID EMOLLIENTS

Structure. Stability. Sensory control.

Product (STD/MB)	INCI Name	Key Differentiation / Best For
PALMESTER 1718	Myristyl Stearate	Skin conditioning; enhances skin feel
PALMESTER 1400	Cetyl Palmitate	Adds body; improves texture and stability

FUNCTIONAL EMOLLIENTS

Performance ingredients for modern formulations.

Product (STD/MB)	INCI Name	Key Differentiation / Best For
PALMESTER 1900	Glycerol Tri 2-Ethylhexanoate	Multi-functional; with emollient properties
PALMESTER 1910	Cetyl 2-Ethylhexanoate	Robust, for challenging formulations
PALMESTER 5305	Propylene Glycol Dicaprylate/Dicaprate	Emulsification + solubilization performance
PALMESTER 5200	Butylene Glycol Dicaprylate/Dicaprate	Traditional emollifier; powder format
PALMESTER 4007	Glyceryl Monostearate SE	Self-emulsifying; very low oil content systems
PALMESTER 4001	Glyceryl Monostearate	Emulsifier; enhances skin feel
PALMESTER 5101	Glycol Distearate	Effective solubilizer; easy to use
PALMESTER 5105	Glycol Stearate	Multi-functional; with emollient properties

OTHER ESTERS

Flexible options for diverse needs.

Product (STD/MB)	INCI Name	Key Differentiation / Best For
PALMESTER 1505	Isopropyl Laurate	Light, smooth skin feel
PALMESTER 1514	Isopropyl Myristate	Good spreadability; non-greasy
PALMESTER 1920	Cetearyl Ethylhexanoate	Rich emolliency; enhances skin feel
PALMESTER 1921	Cetearyl Ethylhexanoate & Isopropyl Myristate	Balanced skin feel; versatile for wide applications

Face/Body Care · Hair Care · Colour Cosmetics · Sun Care · Antiperspirant
