# Art of Nature

## Natural ingredients are beautiful

They offer creativity, innovation and solutions that
nourish and protect our body
They enhance our lifestyles with multifunctionality, sustainability
and environmental compatibility
Our technology allows us to produce them with purity, efficacy and
safety in mind providing you with the tools to create new cosmetic products

…transform your ideas into reality and let nature be your art

# NATURAL FUNCTIONAL EMOLLIENTS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Green Silicone Alternatives** | | | |
| Natura-Tec Plantsil™ XLite | COSMOS APPROVED | Isoamyl Laurate (and) Hydrogenated Ethylhexyl Olivate | The feel of the invisible. Provides a pleasant spread with great finesse. Non-occlusive and renewable source. Ideal for haircare and skincare. |
| Natura-Tec Plantsil™ | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Hydrogenated Olive Oil Unsaponifiables | Universal silicone alternative. Leaves a unique dry, soft, and powdery finish. Good make-up removing performance. Tested safe for vaginal mucosa. |
| Natura-Tec Plantsil™ Xcite 100 | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Ricinus Communis (Castor) Seed Oil (and) Phytosterols | Natural alternative to low viscosity dimethicone. Good spreadability, with a fluid, soft and dry touch, to create a versatile range of light and silky formulations. |
| Natura-Tec Plantsil™ Xcite 350 | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Ricinus Communis (Castor) Seed Oil (and) Phytosterols | Natural alternative to medium viscosity dimethicone. Low spreadability, with a long application time and a velvety touch, to create a silky moisture barrier for elegant formulations. |
| Natura-Tec CrystaLisse | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Hydrogenated Olive Oil Unsaponifiables (and) Simmondsia Chinensis (Jojoba) Seed Wax (and) Silica | Highly versatile silicone elastomer alternative delivering a soft-focus, silky, and non-greasy skin feel. Reproduces key functionalities such as soft-focus effect, sebum control, elegant skin feel, and immediate skin texture refinement. |
| **Vegetable Petrolatum - Skin Protector & Semi-transparent Emollients** | | | |
| Natural Vaselin Type A | COSMOS APPROVED | Ricinus Communis (Castor) Seed Oil (and) Hydrogenated Castor Oil (and) Copernicia Cerifera (Carnauba) Wax | Natural semi-transparent alternative to Petrolatum. Intensive moisturizer, water resistant properties, matt appearance. Not irritant for oral mucosa. Vegan Application : Liposoluble formulations. |
| Natural Vaselin Type B | COSMOS APPROVED | Ricinus Communis (Castor) Seed Oil (and) Hydrogenated Castor Oil (and) Copernicia Cerifera (Carnauba) Wax (and) Beeswax | Natural semi-transparent alternative to Petrolatum with a shiny and slippery effect. Application: lipstick, make up, haircare. |
| Natural Vaselin Type C | COSMOS APPROVED | Vegetable Oil (and) Beeswax | Replicates touch, feel and resistance to oxidation of Petrolatum. Excellent glide and water repellence. Application: body care, skincare, haircare. |
| Natural Vaselin Type E | COSMOS APPROVED | Helianthus Annuus (Sunflower) Seed Oil (and) Helianthus Annuus (Sunflower) Seed Wax (and) Tocopherol | Provides excellent spreadability, immediate comfort, and a non-greasy finish. Highly compatible with other ingredients it delivers moisturizing, soothing, and protective benefits. Application : universal use, sensitive skin, emulsions. |
| **Vegetable Lanolin Alternatives - Intensive Moisturizer & Substantive Emollients** | | | |
| Natura-Tec Plantsoft™ L | COSMOS APPROVED | Butyrospermum Parkii (Shea) Butter (and) Glyceryl Rosinate (and) Olea Europaea (Olive) Oil Unsaponifiables | Natural semi solid alternative to Lanolin. Similar appearance and cosmetic properties. Water absorption, hydration, stabilizer of emulsion systems, protective barrier. Tested not irritant for oral mucosa. |
| Natura-Tec Plantsoft™ Oil | COSMOS APPROVED | Ricinus Communis (Castor) Seed Oil (and) Glyceryl Rosinate (and) Glyceryl Oleate (and) Olea Europaea (Olive) Oil Unsaponifiables | Viscous and shiny oil. Green alternative to Lanolin Oil. Imparts water resistance to formulations. |
| Natura-Tec Plantsoft™ Wax | COSMOS APPROVED | Glyceryl Rosinate (and) Ricinus Communis (Castor) Seed Oil (and) Hydrogenated Olive Oil | Superior consistency agent with excellent plastic behaviour. Ideal base for hair wax type formulations providing matt, strong hold, substantivity and body. |
| **Luxurious Emollient** | | | |
| Natura-Tec Olive Squalane | COSMOS APPROVED | Squalane | Luxurious emollient with an exceptional silky touch. Odourless, colourless, highly stable, non-polar natural alkane produced from the upcycling of the olive oil refining. |

# ACTIVE INGREDIENTS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Microalgae Derived Actives** | | | |
| Natura-Tec Marine BlueRevelation 50+™<br>INTEGRAL ANTI-WRINKLE | COSMOS APPROVED | Triolein (and) Cylindrotheca Fusiformis Extract (and) Nannochloropsis Oceanica Extract | All-in-one powerful cocktail of microalgae for 50+. Reveals the natural glowing beauty of maturity by providing an integrative approach to enhance mature skin: it moisturizes, nourishes and smoothes ageing skin complexion while acting on cutaneous density and elasticity. |
| Natura-Tec Marine BlueInfinity<br>ANTI-GLYCATION | COSMOS APPROVED | Squalane (and) Haematococcus Pluvialis Extract | Reduces the formation of advanced glycation end products (AGEs). Protects your skin from UV damage, improving its vitality and appearance in terms of density and wrinkle visibility, making it healthier and younger. |
| Natura-Tec Marine BlueVital C™<br>COLLAGEN SYNTHESIS | COSMOS APPROVED | Caprylic/Capric Triglyceride (and) Cylindrotheca Fusiformis Extract | Powerful anti-wrinkle active based on microalgae technology, strongly stimulates production of structural skin proteins. Significantly increases collagen synthesis in only 24h. Visibly reducing wrinkle depth and volume and providing plumping effect. |
| Natura-Tec Marine Cellshield AP™<br>ANTI-POLLUTION | COSMOS APPROVED | Caprylic/Capric Triglyceride (and) Pavlova Lutheri Extract | Environmental stress defence and anti-pollution shield. Rich in EPA and DHA, it provides a targeted action on mitochondrial stress reduction by increasing the energetic metabolism of the cells with a global improvement of skin tone homogeneity and dark spot reduction. |
| Natura-Tec CrystalRose™<br>FIGHT INFLAMMAGEING | COSMOS APPROVED | Triolein (and) Oenothera Biennis (Evening Primrose) Oil (and) Haematococcus Pluvialis Oil | Rich in astaxanthin and EPA, this unique composition stimulates the production of inflammation-resolving mediators, increasing resolvins and reducing pro-inflammatory cytokines, thereby enhancing skin protection and regeneration. |
| Natura-Tec Marine OceanMist CL™<br>SKIN REPAIR | COSMOS APPROVED | Caprylic/Capric Triglyceride (and) Nannochloropsis Oceanica Extract | Repairing and microbiota-balancing active for delicate skin, able to enhance skin defensive barrier, reduce immune inflammation, restore a normal skin-type and provide a balanced skin microbiota to contribute to a healthier skin, dedicated to the wellness of all sensitive skin, including baby skin. |
| Natura-Tec Marine RevitaLys HP™<br>APOPTOSIS DELAY | COSMOS APPROVED | Water (and) Haematococcus Pluvialis Extract | Restructuring and cell revitalizing active. It reduces the apoptosis and ageing process by inhibiting the synthesis of p53 protein induced by free radicals or by physiological chrono ageing. |
| Natura-Tec Marine SeaDew EPS™<br>HYDRATION<br>ANTI-ROUGHNESS | COSMOS APPROVED | Porphyridium Cruentum Extract | Powerful and sustainable active ingredient based on exopolysaccharides (EPS). Boosts hydration, reduces trans epidermal water loss (TEWL), reduces irritation, improves moisture retention, providing an effective solution for all skin types. Refines skin microrelief, delivering a smoother, more even, and visibly enhanced skin surface. |
| Natura-Tec SeaBerry Blue™<br>ANTIOXIDANT SPF BOOSTER | COSMOS APPROVED | Triolein (and) Vaccinium Macrocarpon Seed Oil (and) Haematococcus Pluvialis Extract | Intrinsically reinforces the skin's natural antioxidant defences against excessive exposure to UV rays and blue light, thus helping to synchronize biological clock and rebalance circadian rhythm. Daily protective treatment against sun's rays, excellent SPF booster. |

## ACTIVE INGREDIENTS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Microalgae Derived Actives** | | | |
| Natura-Tec SeaPassion™ CH<br>ANTI ACNE | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Passiflora Edulis Seed Oil (and) Ribes Nigrum (Black currant) Seed Oil (and) phospholipids (and) Docosahexaenoic Acid (and) Eicosapentaenoic Acid (and) Phytosterols | Skin-friendly efficient repressor of acne pathogenesis, combining the effectiveness of microalgae with the virtues of super fruits, to fight against inflammation and lipid synthesis dysfunction in skin disorders, reducing inflammatory acne lesions, on different ethnic skin types and similarly on teenagers or adults. |
| Natura-Tec SeaRenew™<br>HAIR GROWTH | COSMOS APPROVED | Pouteria Sapota Seed Oil (and) Nannochloropsis Oceanica Extract | Unique concentrate of sustainable Sapote Oil enriched with microalgae actives to promote and support hair strength, growth, as well as eyelaches. Intensively reduces hair loss, increases hair density. |
| Natura-Tec SeaWonder™<br>WOUND HEALING | COSMOS APPROVED | Hydrogenated Ethyhexyl Olivate (and) Citrullus Lanatus Seed Oil (and) Nannochloropsis Oculata Extract | Thanks to its regenerative properties, promotes wound healing, remodels stretch marks, regulates inflammation, and restores skin structure and barrier function. |
| **Triglycerides Derived Actives** | | | |
| Natura-Tec Abysoft™ | COSMOS APPROVED | Crambe Abyssinica Seed Oil Phytosterol Esters | Multifunctional active.<br>Skincare & make up: Excellent moisturizer, creates a protective long asting and velvety film; co-emulsifier, wetting agent for pigments.<br>Haircare: increases hair volume, hair elasticity, hair brightness. Provides excellent heat, UV, seawater, and colour protection.<br>Suncare : SPF booster for oils and creams. |
| Natura-Tec Liquid Shea – Refined | COSMOS APPROVED | Butyrospermum Parkii (Shea) Oil | Excellent moisturizer thanks to omega 9 and 6, helps to retain the elasticity of the skin as well as providing a soothing and anti-irritating action. |
| Natura-Tec Bioliderm | COSMOS APPROVED | Olea Europaea (Olive) Oil Unsaponifiables | Essential anti-ageing defence. Cost effective radical scavenger and anti-glycation active. |

## NATURAL EMULSIFIERS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| Natura-Tec Ecomuls™ 2 in 1 | COSMOS APPROVED | Glyceryl Oleate (and) Polyglyceryl-3-Polyricinoleate (and) Olea Europaea (Olive) Oil Unsaponifiables | Viscous liquid, **W in O** emulsifier. 2 in 1: emulsifier and moisturizer. Ecological, non-ionic emulsifier forming stable W/O emulsions at low concentration, without a co-emulsifier or a thickening agent. HLB=3±1. |
| Natura-Tec Emulactive™ W | COSMOS APPROVED | Cetearyl Alcohol (and) Glyceryl Stearate (and) Potassium Palmitoyl Hydrolyzed Wheat Protein | **O in W** anionic / non-ionic emulsifier. Forms fluid emulsions with liquid crystal, lamellar system that helps the delivery of active substances into the skin. HLB=11±1. |
| Natura-Tec Crystal Cream™ | COSMOS APPROVED | Sucrose Polystearate (and) Cetearyl Alcohol (and) Olea Europaea (Olive) Oil Unsaponifiables | **O in W** emulsifier. High dermatological compatibility. Forms liquid crystal structure. Gives light touch to emulsions. HLB=9±1. |

## PROTEINS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Protein Derivatives** | | | |
| Natura-Tec AminoSens Wheat PE, Collagen PE, Keratin PE, Silk PE | | Water (and) Hydrolyzed Protein | Provides protective, nourishing, film-forming, substantive properties with a moisturizing effect on skin and hair. |
| Natura-Tec ProteOat, ProteWheat | | Hydrolyzed " " Protein | Hydro-dispersible powder. Acts on skin ageing. |
| Natura-Tec Aminosoft Collagen, Soy, Wheat | | Information on request | Cationic conditioning agent based on hydrolysed "vegetable" protein. Suitable for use in all hair care applications, especially conditioning shampoos, and rinse-off conditioners. |

## RICE DERIVATIVES

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Rice Derived Actives** | | | |
| Natura-Tec Rice Starch | Approved by ECOCERT RAW MATERIAL COSMOS APPROVED FOOD GRADE | Oryza Sativa (Rice) Starch | Depending on the process of use:<br>1/ Cold process: excellent sensorial agent that provides a long-lasting powdery matt appearance.<br>2/ Hot process: aqueous effect and non-sticky sensation with a jellifying behaviour. |
| Natura-Tec γ Oryzanol | FOOD GRADE | Oryzanol | Antioxidant, anti-radical properties. Protects against UVA and UVB radiations. |
| Natura-Tec Rice Milk | | Water (and) Oryza Sativa (Rice) Starch (and) Methylpropanediol (and) Pentylene Glycol (and) Oryza sativa (Rice) Bran Oil (and) Xanthan Gum (and) Caprylyl Glycol (and) Hydrolyzed Rice Protein (and) Phenylpropanol | Opalescent liquid, water dispersible. Purely derived from vegetable source, delivers essential moisturizing and antioxidant benefits based on rice bran ingredients. |

## HUMECTANT

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| Natura-Tec Glycerin – Organic | ECO CERT COSMOS CERTIFIED | Glycerin | Natural humectant. Helps to keep the skin's natural barrier intact. Moisturizes and prevents dryness. |
| Natura-Tec Vegetable NMF | | Water (and) Glucose and Sorbitol (and) Sodium Glutamate (and) Urea (and) Sodium PCA (and) Glycine (and) Lactic Acid (and) Hydrolyzed Wheat Protein (and) Panthenol | Helps to maintain the elasticity and suppleness of the skin by restoring the natural NMF balance. |

# BUTTERS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Natural Butters** | | | |
| NaturaSoft™ Shea – Refined | COSMOS APPROVED | Butyrospermum Parkii (Shea) Butter | Melting point : 40 – 50°C. Skin moisturizer, restores skin flexibility and elasticity. Anti-irritant and anti-inflammatory properties – Soft butter. |
| NaturaSoft™ Shea W – Refined | COSMOS APPROVED | Butyrospermum Parkii (Shea) Butter | Melting point : 28 – 34°C. Skin moisturizer, restores skin flexibility and elasticity. Anti-irritant and anti-inflammatory properties – Hard butter. |
| NaturaSoft™ Organic Shea – Refined | COSMOS CERTIFIED | Butyrospermum Parkii (Shea) Butter | Skin moisturizer, restores skin flexibility and elasticity. Anti-irritant and anti-inflammatory properties. |
| NaturaSoft™ Cocoa – Refined | COSMOS APPROVED | Theobroma Cacao (Cocoa) Seed Butter | Natural hard and stable butter that melts at body temperature. Excellent emollient with moisturizing properties that helps to keep the skin and hair soft and supple. Enhances the smoothness and softness of the skin. |
| NaturaSoft™ Organic Cocoa – Natural | COSMOS CERTIFIED | Theobroma Cacao (Cocoa) Seed Butter | Natural hard and stable butter that melts at body temperature. Excellent emollient with moisturizing properties that helps to keep the skin and hair soft and supple. Enhances the smoothness and softness of the skin. |
| NaturaSoft™ Mango – Refined | COSMOS APPROVED | Mangifera Indica (Mango) Seed Butter | Natural emollient properties and regenerative activity. Has softening, soothing and moisturizing properties. |
| **Vegetable Butters** | | | |
| NaturaVelvet™ Argan | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Rich in omega 9 and 6, confers to the skin excellent protective, softening and anti-drying properties. |
| NaturaVelvet™ Apricot | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Moisturizes and soothes the skin. Suitable for mature or sensitive skin. |
| NaturaVelvet™ Avocado | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Natural skin moisturizer, penetrates easily into the epidermis, leaves a pleasant feel on the skin. |
| NaturaVelvet™ Cherry | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Shows soothing properties and improves the elasticity of the skin. |
| NaturaVelvet™ Grape Seed | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Regenerates and restructures the epidermal layers and allows better control of hydration. |
| NaturaVelvet™ Kukui | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Contains a high level of omega 3, 6, 9 in equal proportion and maintains natural moisture balance. |
| NaturaVelvet™ Macadamia | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Presents nourishing, moisturizing, regenerating properties and helps restore suppleness to the skin. |
| NaturaVelvet™ Olive | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Rich in omega 6 and 9, provides a long-lasting shield of moisture. |
| NaturaVelvet™ Orange | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Presents softening, soothing and moisturizing properties. |
| NaturaVelvet™ Peach | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Possesses excellent revitalizing and nourishing properties. Helps to prevent dehydration. |
| NaturaVelvet™ Fucus | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Shows slimming, moisturizing, and mineralizing properties. |
| NaturaVelvet™ Lotus | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Participates in skin protection and has soothing properties resulting in a visibly relaxed, calmed complexion. |
| NaturaVelvet™ Sweet Almond | | "Vegetable Oil" (and) Hydrogenated Vegetable Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Excellent emollient for body applications. |

# WAXES

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| **Wax Bases** | | | |
| Natura-Tec Argan, Olive, Sweet Almond Massage Candle Wax | COSMOS APPROVED | Information on request | Melting point: 42 – 47°C. These candles generate a lukewarm liquid oil, that helps spreadability during massage. Due to low melting point, can be poured directly onto the skin. |
| Natural BBB – Beauty Balm Base | COSMOS APPROVED | Hydrogenated Ethylhexyl Olivate (and) Hydrogenated Castor Oil (and) Butyrospermum Parkii (Shea) Butter (and) Tocopherol | Melting point: 68 - 78°C. Award winning ultra-light functional base dedicated for a universal use. Rapid and easy use to help develop smooth, matt and non-greasy anhydrous formulations. |
| Natural LIP – Lip Intense Pastilles | COSMOS APPROVED | Information on request | Melting point: 65 – 75°C. Vegan lip care base in pellet form, developed specifically to obtain long lasting, matt and highly stable stick formulations. |
| Natural Candle Wax Base | COSMOS APPROVED | Stearic Acid (and) Hydrogenated Olive Oil (and) Hydrogenated Olive Oil Unsaponifiables | Melting point: 45 – 55°C. Ready to use, eco-designed base for all candle shapes. Smooth and creamy appearance with no cracking effect on cooling. Odourless while burning. Ideal sustainable alternative to paraffin wax. |
| **Natural Waxes** | | | |
| Natura-Tec Bees-N-Love | COSMOS APPROVED | Stearyl Stearate (and) Helianthus Annus (Sunflower) Seed Wax (and) Copernicia Cerifera (Carnauba) Wax | Melting point: 65°C. Vegan beeswax alternative nourishes, moisturizes and softens the skin in solid pellet form. High Compatibility with natural ingredients. |
| Natura-Tec Vegetable Beeswax | COSMOS APPROVED | Stearyl Stearate (and) Rhus Verniciflua Peel Wax (and) Copernicia Cerifera (Carnauba) Wax | 100% vegetable alternative to the animal derived product that mimics perfectly the original behaviour. |
| Natura-Tec Yellow Beeswax<br>Natura-Tec White Beeswax | COSMOS APPROVED | Beeswax | Drop point: 61 – 66°C. Visco-elastic behaviour and high compatibility with other oils and waxes. Easy to use, brings softness and shine in all types of formulation. |
| Natura-Tec Beeswax Substitute | | Beeswax (and) Cetyl Palmitate (and) Stearic Acid | Natural cost-effective substitute to pure Beeswax that brings softness and shine in all types of formulation. |
| Natura-Tec Carnauba Wax T1 and T3 | | Copernicia Cerifera (Carnauba) Wax | Melting point: 80 – 88°C. Carnauba wax is the hardest natural wax available. It can produce a glossy finish and is hypoallergenic. |
| Natura-Tec Candelilla Wax | | Euphorbia Cerifera (Candelilla) Wax | Melting Point: 69 – 73°C. Creates a thin protective film on the skin. Ideal for anhydrous system. |
| Natura-Tec VCA Wax – Vegetable Candelilla Alternative | COSMOS APPROVED | Cetyl Palmitate (and) Myrica Cerifera (Bayberry) Fruit Wax (and) Copernicia Cerifera (Carnauba) Wax | Melting point: 70 – 80°C. Vegetable alternative to candelilla wax with an excellent oil binding capacity. |
| Natura-Tec Rice Bran Wax | | Oryza Sativa (Rice) Bran Wax | Melting point: 75 – 85°C. High melting point vegetable wax. Produces a silky, non-tacky feeling on the skin and improves the spreadability of finished products. |
| **Synthetic Waxes** | | | |
| Synthetic Beeswax | | Synthetic Beeswax | Low cost synthetic Beeswax. |
| Natura-Tec Microwax 1624 | | Microcrystalline Wax | Microcrystalline Wax. |
| **Plant Oil Waxes** | | | |
| Natura-Tec Apricot, Avocado, Grape Seed, Olive, Soy, Sunflower, Sweet Almond Wax | | Hydrogenated Vegetable Oil (and) "Vegetable Oil" | Melting point: 58 – 72 °C. Medium to high melting point waxes based on hydrogenated vegetable oil. Ideal consistency factor for anhydrous systems. |
| Natura-Tec OC Wax, Natura-Tec Hydrogenated Castor Oil / Olive Oil | | Hydrogenated "Vegetable" Oil | Hard waxes obtained by hydrogenation of the vegetable oil |

## VEGETABLE OILS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| Natura-Tec Abyssinian Oil – Refined | ECOCERT RAW MATERIAL COSMOS APPROVED | Crambe Abyssinica Seed Oil | Unique molecular structure : long chain fatty acid. Highly resistant to oxidation, ultra-light and non-greasy after-feel. |
| Natura-Tec Apricot Oil – Refined | | Prunus Armeniaca (Apricot) Kernel Oil | Reinforces cell membrane structure (omega 6). Acts positively on ageing skin. Revives brightness of the skin. |
| Natura-Tec Argan Oil – Refined | | Argania Spinosa Kernel Oil | Anti-ageing activity, protection against the loss of elasticity. Active molecules: Omega 9, 6, antioxidant. |
| Natura-Tec Avocado Oil – Refined | | Persea Gratissima (Avocado) Oil | Provides protection against UV damage and ageing. Reinforces the barrier function of the skin. |
| Natura-Tec Babassu Oil – Refined | ECOCERT RAW MATERIAL COSMOS APPROVED | Orbignya Oleifera Seed Oil | Melting point: 20 – 30°C. Provides a thin protective film on the skin against environmental aggression. Natural alternative to Dimethicone. Has a non-greasy after-feel Enhances spreadability of finished products. |
| Natura-Tec Babassu Oil – Organic | ECO CERT COSMOS CERTIFIED | | |
| Natura-Tec Blackcurrant Oil – Refined | | Ribes Nigrum (Blackcurrant) Seed Oil | Has repairing properties for dry, devitalized, damaged and ageing skin (omega 3, 6). |
| Natura-Tec Borage Oil – Refined | | Borago Officinalis Seed Oil | Extremely rich in omega 6 (GLA), plays an important role in restoring the intracellular moisture barrier. |
| Natura-Tec Camelina Oil – Refined | | Camelina Sativa (Camelina) Seed Oil | Regenerating property, restructures damaged tissues. Balanced composition between omega 3 and 6. |
| Natura-Tec Camellia Oil – Refined | | Camellia Oleifera Seed Oil | Nourish both skin and hair. Moisturizer. |
| Natura-Tec Castor Oil – Refined | | Ricinus Communis(Castor) Seed Oil | Ideal for make-up applications, good pigment wetting properties. |
| Natura-Tec Cherry Oil – Refined | | Prunus Avium (Sweet Cherry) Seed Oil | Rich in omega 9 and 6, with soothing properties. |
| Natura-Tec Cocoa Oil – Refined | | Theobroma Cacao (Cocoa) Seed Extract | Rich in omega 9, enhances the smoothness and softness of the skin. |
| Natura-Tec Coconut Oil – Refined | | Cocos Nucifera (Coconut) Oil | Soft solid, melts on skin contact. Highly stable. Creates a thin protective film on the skin with significant slip. |
| Natura-Tec Cottonseed Oil – Refined | | Gossypium Herbaceum (Cotton) Seed Oil | Contains linoleic acid (LA), omega 6. Maintains the skin in good health. |
| Natura-Tec Evening Primrose Oil – Refined | | Oenothera Biennis (Evening Primrose) Oil | Rich in omega 6, it is effective in regulating water loss and protecting skin from injury and damage. |
| Natura-Tec Grape Seed Oil – Refined | | Vitis Vinifera (Grape) Seed Oil | Used for damaged and stressed tissues. Has regenerative and restructuring properties allowing better skin moisturization. |
| Natura-Tec Hazelnut Oil – Refined | | Corylus Avellana (Hazel) Seed Oil | Provides a very light touch to formulations. |
| Natura-Tec Jojoba Oil – Golden | | Simmondsia Chinensis (Jojoba) Seed Oil | Unlike other vegetable oils, Jojoba oil is chemically very similar to human sebum. It presents exceptional moisturizing qualities. |
| Natura-Tec Jojoba Oil – Refined | | | |
| Natura-Tec Jojoba Oil – Organic | ECO CERT COSMOS CERTIFIED | | |

## VEGETABLE OILS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| Natura-Tec Kukui Nut Oil – Refined | | Aleurites Moluccana Seed Oil | Extremely rich in EFA omega 6 and 3. Rejuvenates dry and damaged skin. Appropriate for sun care products. |
| Natura-Tec Lime Seed Oil – Refined | | Citrus Aurantifolia (Lime) Seed Oil | Balanced composition in omega 3, 6, 9 based on the ratio 1:3:2. Hydrates, restructures, protects the skin. |
| Natura-Tec Macadamia Oil – Refined | | Macadamia Ternifolia Seed Oil / Macadamia Integrifolia Seed Oil | Unique composition of omega 7 and omega 9. Provides a light and dry skin feel with a very fast penetration into the skin. |
| Natura-Tec Mango Oil – Refined | | Mangifera Indica (Mango) Seed Oil | Oily to soft solid depending on temperature. Softening, soothing and moisturizing properties. |
| Natura-Tec Olive Oil – Refined | | Olea Europaea (Olive) Fruit Oil | High compatibility with the skin due to very similar fatty acids composition. Excellent moisturizing properties. |
| Natura-Tec Olive Oil – Organic | ECO CERT COSMOS CERTIFIED | | |
| Natura-Tec Orange Seed Oil – Refined | | Citrus Aurantium Dulcis (Orange) Seed Oil | Hydrates, restructures, protects the skin. |
| Natura-Tec Palm Oil LP – Refined | | Elaeis Guineensi (Palm) Oil | Liquid to soft solid bi-fractionated palm oil. |
| Natura-Tec Peach Oil – Refined | | Prunus Persica Kernel (Peach) Oil | Nourishing, moisturizing, regenerating properties due to its high content in omega 9 and 6. |
| Natura-Tec Rapeseed Oil – Refined | | Brassica Campestris (Rapeseed) Oil | Rich in omega 3, repairs damaged skin. |
| Natura-Tec Rice Bran Oil – Refined | | Oryza Sativa (Rice) Bran Oil | Regenerates the cutaneous barrier, helps to soothe the skin. |
| Natura-Tec Rose Hip Oil – Refined | | Rosa Moschata Seed Oil | Regeneration of skin cells and damaged tissues. Extremely rich in omega 3 and 6. |
| Natura-Tec Sapote Oil | Approved by ECOCERT RAW MATERIAL COSMOS APPROVED | Pouteria Sapota Seed Oil | Has protective properties, improves skin tolerance. Stimulates hair growth and acts on slowing hair loss. |
| Natura-Tec Satin Oil | | Carthamus Tinctorius (Safflower) Seed Oil (and) Crambe Abyssinica Seed Oil | 100% cold press vegetable combination, provides an ultra-light velvety and non-greasy after feel. |
| Natura-Tec Safflower Oil – Refined | | Carthamus Tinctorius (Safflower) Seed Oil | Mainly composed of omega 6 it is adapted to the treatment of dry and very dry skins. |
| Natura-Tec Sesame Oil – Refined | | Sesamum Indicum (Sesame) Seed Oil | Rich in polyunsaturated fatty acids and antioxidant. Protective properties. |
| Natura-Tec Soybean Oil – Refined | | Glycine Soja (Soybean) Oil | Presents skin regenerating, restructuring and moisturizing properties. |
| Natura-Tec Sunflower Oil – Refined | | Helianthus Annuus (Sunflower) Seed Oil | Forms a rich film on the skin that helps to nourish and rehydrate the epidermis. |
| Natura-Tec Sweet Almond Oil – Refined | | Prunus Amygdalus Dulcis (Sweet Almond) Oil | Moisturizing, nourishing and soothing properties. |
| Natura-Tec Sweet Almond Oil – Ph Eu VIII Ed | PHARMA GRADE | | |
| Natura-Tec Veg Mink Oil | | Macadamia Ternifolia Seed Oil (and) Gossypium Herbaceum (Cotton) Seed Oil (and) Squalane | Reproduces the luxurious skin feel of animal Mink oil. Prevents dryness and the loss of elasticity. |
| Natura-Tec Walnut Oil – Refined | | Juglans Regia (Walnut) Seed Oil | Rich in omega 3, contributes to skin health. |
| Natura-Tec Wheat Germ Oil – Refined | | Triticum Vulgare (Wheat) Germ Oil | Highly concentrated in omega 6, it confers good moisturizing and cell regenerating properties. |

## ESTERS

| Product name | Status | INCI | Characteristics |
|---|---|---|---|
| Natura-Tec Ultrafeel™ AB | | C12-15 Alkyl Benzoate | Liquid, UV filter solubilizer, light and dry feel. |
| Natura-Tec Ultrafeel™ AL | | C12-15 Alkyl Lactate | Emollient with moisturizing properties, it provides a non-oily lubricating thin film. |
| Natura-Tec Ultrafeel™ CEH | | Cetyl Ethylhexanoate | Synthetic, pale-yellow liquid. |
| Natura-Tec Ultrafeel™ CP | | Cetyl Palmitate | Solid from vegetable origin, increases the viscosity, dry non greasy feel, result in dense white emulsions. |
| Natura-Tec Ultrafeel™ DEHA | | Diethylhexyl Adipate | Creates a thin, non-greasy film. Smoothes the skin. Non irritant, nontoxic. |
| Natura-Tec Ultrafeel™ DO | | Decyl Oleate | Solvent from vegetable origin, for chemical and physical sunscreens. |
| Natura-Tec Ultrafeel™ EHO | | Ethylhexyl Oleate | Emollient, lubricant, recommended in aerosol products. Ability to reduce the greasy feel. |
| Natura-Tec Ultrafeel™ IBS | | Isobutyl Stearate | Used in formulation containing mineral oil to impart good slip properties and as wetting agent for pigment. |
| Natura-Tec Ultrafeel™ IDO | | Iseodecyl Oleate | Protective effect, silky feel, and oxidation resistance. |
| Natura-Tec Ultrafeel™ ININ | | Isononyl Isononanoate | Mild emollient with a conditioning effect and silky feel. |
| Natura-Tec Ultrafeel™ IPM | | Isopropyl Myristate | Good spreading, non-occlusive. Used in the formulation of perfumes and colognes, bathproducts, aftershave lotions and skin fresheners. |
| Natura-Tec Ultrafeel™ IPP | | Isopropyl Palmitate | Good spreading, non occlusive. Solvents/diluents for cosmetic and fragrance agents. |
| Natura-Tec Ultrafeel™ ISIS 10-15 | | Isostearyl Isostearate | Plant-derived, emollient, skin conditioning. |
| Natura-Tec Ultrafeel™ MCT | | Caprylic/Capric triglycerides | Light, non greasy for massage or bath oils. Good vegetable solvent for chemical and wetting agent for physical sunscreens. |
| Natura-Tec Ultrafeel™ OC | | Ethylhexyl Cocoate | Light feel with very good spreading properties. |
| Natura-Tec Ultrafeel™ OP | | Ethylhexyl Palmitate | Carrying agent, pigment wetting agent, fragrance fixative and emollient. Its dry-slip skin feel is similar to some silicone derivatives. |
| Natura-Tec Ultrafeel™ OS | | Ethylhexyl Stearate | Used in formulation containing mineral oil to impart good slip properties and as wetting agent for pigments. |
| Natura-Tec Ultrafeel™ T | | Triolein | Emollient from vegetable origin with protective conditioning properties. |
| Natura-Tec Ultrafeel™ TL | | Isotridecyl Laurate | Hair conditioning agent, skin conditioning agent, film forming. |
| Natura-Tec Ultrafeel™ TS | | Isotridecyl Stearate | Skin conditioning agent. |
| Natura-Tec Ultrafeel™ TDTM | | Tridecyl Trimellitate | It has softening and moisturizing properties. It provides a light, non-greasy feel, improves pigment dispersion in makeup, and ensures good oxidative stability. |

## VEGETABLE EXTRACTS

| Product name | INCI | Plant extracts | Characteristics |
|---|---|---|---|
| Natura-Tec Water PE Extracts | "Plant Water Extract" | Cabbage Rose | Astringent, Masking, Tonic |
| | | Calendula | Soothing, Antiseptic, Anti-inflammatory |
| | | Chamomile | Soothing, Anti-inflammatory, Refreshing |
| | | Green Tea | Tonic, Cleansing |
| | | Hamamelis | Astringent, Tonic, Cleansing, Soothing |
| | | Lavender | Refreshing, Soothing |
| | | Linden Flower | Soothing, Astringent, Refreshing |
| | | Oat | Moisturizing, Antioxidant |
| | | Orange Blossom | Astringent, Anti-wrinkle, Antioxidant |
| | | Verbena | Astringent |
| | | White Tea | Anti-ageing, Antioxidant, Soothing |
| Natura-Tec Hydroglycolic PE Extracts | Propylene Glycol (and) Water (and) "Plant Extract" | Arnica | Anti-inflammatory |
| | | Calendula | Soothing, Antiseptic, Anti-inflammatory |
| | | Centella Asiatica | Anti-cellulite |
| | | Fucus | Moisturizing, Tonic |
| | | Hamamelis | Astringent, Tonic, Cleansing, Soothing |
| | | Green Tea | Anti-ageing, Antioxidant, Tonic |
| | | Nettle | Antioxidant, Anti-inflammatory |
| | | Rosemary | Anti-ageing, Anti-microbial, Anti-irritant |
| | | Royal Jelly | Anti-ageing, Anti-inflammatory |
| | | Strawberry | Antioxidant |
| | | Thymus | Antiseptic, Antioxidant |
| | | Verbena | Astringent |
| Natura-Tec Hydroglycerin PE Extracts | Glycerin (and) Water (and) "Plant Extract" | Arnica | Moisturizing, Anti-inflammatory |
| | | Calendula | Soothing, Antiseptic, Anti-inflammatory |
| | | Chamomile | Soothing, Anti-inflammatory, Refreshing |
| | | Cucumber | Refreshing, Soothing, Smoothing, Astringent |
| | | Guarana | Soothing, Calming, Astringent |
| | | Green Tea | Antioxidant, Anti-ageing |
| | | Hamamelis | Astringent, Tonic, Cleansing, Soothing |
| | | Red Vine | Tonic, Anti-ageing, Antioxidant |
| Natura-Tec Liposoluble Extracts | "Vegetable Oil" (and) "Plant Extract" | Aloe | Moisturizing, Anti-inflammatory |
| | | Arnica | Anti-inflammatory |
| | | Calendula | Soothing, Antiseptic, Anti-inflammatory |
| | | Carrot | Tonic, Cleansing, Tanning, Anti-irritant |
| | | Chamomile | Soothing, Anti-inflammatory, Refreshing |
| | | Fucus | Moisturizing, Tonic |
| | | Green Coffee | Moisturizing, Anti-ageing |
| | | Green Tea | Anti-ageing, Antioxidant, Tonic |
| | | Hamamelis | Astringent, Tonic, Cleansing, Soothing |
| | | Ivy | Astringent, Soothing, Tonic, Anti-microbial |
| | | Nobil Laurel | Masking, Refreshing, Tonic |
| | | Red Pepper | Antioxidant |
| | | St John's Wort | Astringent, Masking, Anti-microbial |
| | | Yarrow | Anti-inflammatory |
